

# Mountain Mutual Water Company

160 Anges Drive, Cripple Creek, CO 80813  
(719) 689-2527 [www.mountainmutual.com](http://www.mountainmutual.com)

## 3<sup>rd</sup> Quarter Newsletter, 2024

Recently MMWC recognized its longest-term employees. Don Hindman, previously the company manager, now semi-retired, is still contributing as the company's licensed Water Operator and advisor. Don has given Mountain Mutual 31 years of service. Close on his heels and his first employee is Albert "Al" Snare. Al has completed 30 years of service and remains the "core" element of the technical staff. The Board of Directors have congratulated them, and if you see them, please extend your congratulations as well.

*Example of a 3-way Intersection*

With many new residents and property owners having joined the community, we get questions about the company, and we are glad to answer them. Because we are a private company, we operate a little differently from what many have experienced from other public and municipal water utilities. The best resource available to understand what the Mountain Mutual Water Company is, how it's organized, and what "membership" involves, is our website: [www.mountainmutual.com](http://www.mountainmutual.com). In particular, we invite you to

explore the menu dropdowns in "Company Info". Those include a wealth of information that hopefully can answer questions about the company that may seem perplexing.

It is "dig" season again for the technical staff as is every summer. We are busy upgrading the piping in various locations. We have already upgraded the piping on Ajax Court. We are currently working on Deadwood Road to Golden Cycle Circle and Granite Lane. Some other upgrades are expected to occur on Vivenda Road and the 'short-cut' road between Yorktown Road and Tuscanora Drive. We have been short staffed because one of our field techs broke his leg off duty. The two remaining field techs are working long hours to accomplish as many upgrades as possible this season. Please be mindful when entering a construction zone, to proceed slowly and cautiously so that no incidents occur and injure our field techs.

The USPS has had their issues of late. We are discovering that if our mailing address is not correct, the post office is returning the mail as undeliverable. The office administrator has been trying to contact each individual who is still using an incorrect mailing address for us. If you are not using our provided envelopes to mail in your monthly invoice, please make sure the address you are using is 160 Anges Drive, Cripple Creek, CO 80813 to avoid your payments being delayed or not reaching us at all.

As always, the Board of Directors thanks you for your support and business.
